Wayne

I spoke with Loren today and he wants to separate the technical comments from the management response, and have our comments sent as a letter to Cathy with the attachments. The management letter will refer to this submittal at the BCT level under separate cover. So I've reformatted the tech memo to management as a letter to Cathy; it's basically the same letter, only adding to the closing statement. If it looks ok, please sign and send back to me. Thanks.
